Individual appointments are possible on request at any time.

We could gladly arrange a local guide for you.

Freeride equipment is available at our ski rental.

Guided ski tours and basic training for beginners

Saturday and Thursday

Ski touring at 3000m altitude
Ski tour in the Weißsee Gletscherwelt
with a state-certified mountain and ski guide.

The peaceful atmosphere of the mountains, the ascent, the view from the summit and finally the descent through soft deep snow fascinates many.

Ski touring is a memorable experience!

In the heart of the Hohe Tauern National Park in the Weißsee Glacier World there are countless wonderful ski touring opportunities. This is where the ski touring area of the Granatspitzgruppe opens up - surrounded by a magnificent alpine panorama with 22 striking peaks, 12 of which are over 3,000 meters high. If you are still unsure about the alpine terrain and prefer to travel with a mountain guide, you are welcome to book a guided tour with us.

Meeting point: Reception

Price: per person incl. lunch packet and safety equipment

1 Person € 360,00 2 Persons € 180,00

3 Persons € 120,00 4 Persons € 90,00

5 Persons € 80,00 6 Persons € 70,00

7 Persons € 65,00

Registration: Until the day before (12:00 pm).

Guided ski tours can be organised every day. We are happy to help you with the organization of your tour and the mediation of a mountain guide.

Wednesday

Basic training for beginners

During this introductory afternoon, you will be taught the correct handling of the avalanche transceiver, putting on touring skins, the easiest ascent technique as well as the most important basics of ski touring. An easy ascent on the slopes from Grünsee to Weißsee - Berghotel Rudolfshütte is waiting for you.

Meeting point : 12:30 pm reception

Duration: approx. 2.5 hours

Minimum: 4 persons

Price: € 50,00 per person incl. guide, touring skis and skins

Melitta Maislinger - Our weather fairy

The working day for Melitta begins at 6 a.m.

Her daily tasks include the replacement of precipitation buckets and the collection of data which is further passed on to the Central Institute for Meteorology and Geodynamics (ZAMG) in Salzburg. She repeats the measurements every three hours, in order to know exactly what kind of weather awaits us.
